RECIPROCITY ELECTION IS ON

All Canada Is Busy Casting Ballots on Important Issue of the Day

CONSERVATIVES RIVAL LIBERALS IN OPTIMISM

Liberals Have Ten Men Arrested for Fraud at Polls in Winnipeg

MONTREAL, Sept. 21.—In the provinces of Quebec, the fate of reciprocity between America and Canada will be decided today. While the parliamentary election is national, both sides concede that this province is the pivotal one. Both sides are confident of victory.

The Liberals declare that as a result of today's battle reciprocity will be ratified by parliament with a majority of at least thirty-five votes. The Conservatives are equally certain that they will obtain more than the twenty-three seats necessary to defeat the measure.

The campaign of the Conservatives, the opponents of reciprocity, has been of violently anti-American character, and annexation has been described as an evitable sequel to reciprocity. In many places, President Taft has been alleged as desirious of rendering his name immortal by adding Canada to the American union during his administration, or to at least lay the foundation on which the structure of annexation can be reared.

Liberals Discover Fraud at Polls

WINNIPEG, Man., Sept. 21.—The Liberals at ten o'clock this morning arrested twelve men at the North Winnipeg poling place, charged with "personating." They were all jailed, and are now awaiting bail.

Vote Unusually Heavy

ST. JONES, N. B., Sept. 21.—Interest in the Dominion election here today is intense and an unusually heavy vote is being polled. The liberals are predicting they will retain the eleven seats which they hold under the present administration.

Liberals Will Gain Seats

HALIFAX, Sept. 21.—Voting at the dominion election today is heavy throughout Nova Scotia, great interest being taken. At noon the liberals were predicting they will gain four seats, owing to the popularity of the reciprocity measure which they advocate.

Leaders Vote at Same Hour

MONTREAL, Que., Sept. 21.—Although long lines of voters were waiting long before the polls opened here today, voting has been slow. Sir Wilfred Laurier, the liberal leader, voted at Quebec at 10 o'clock, and the opposition leader, R. L. Borden, performed the same duty at the same hour in Halifax.

RHYS PRYCE HAD REAL ARMY FORCE IN ACTION

LOS ANGELES, Sept. 21.—The defense in the case of General Cap Rhys Pryce, in which the Mexican government is seeking his extradition on the charges of murder, arson and robbery, had an inning before Commissioner Van Dyke this morning when testimony favorable to the accused man was presented. The first witness was J. J. Taylor, who fought under Pryce as an officer in the Liberal army, an organized force which carried flags. Taylor declared that in the neighborhood of 115 men were in Pryce's command, representing all nationalities.

Ricardo Flores Magon was then put on the stand, but the interpreter available was unsatisfactory and the witness was temporarily excused. Pryce will probably go on the stand in his own behalf.

STUBBS TO RETIRE ON JANUARY 1, 1912

Will Move to Native Town of Ashland, Ohio, to Rest From Railway Life

CHICAGO, Sept. 21.—John C. Stubbs, vice president and director of traffic of the Harriman lines, will retire January 1. Announcement to this effect was made yesterday, but no statement has yet been made regarding his successor.

Stubbs declined to discuss the retirement today beyond admitting that he would withdraw from the service of the Harriman lines at the beginning of next year and move to Ashland, O., where he was born May 31, 1847. With the retirement of Mr. Stubbs, it is believed that there will be important changes in the management of the Harriman roads.

Robert S. Lovett, president of the Harriman lines, announced some time ago that rearrangement of the personnel of the officials of the companies embraced in the Harriman system is under consideration.

22 Newsboys In Violation of A New State Law

SAN FRANCISCO, Sept. 21.—Following the arrest of twenty-two newsboys found on the streets at 2 o'clock this morning selling papers, State Labor Commissioner McLaughlin announced today that he had taken the first step to enforce the new law prohibiting the employment of children under eighteen years of age, between the hours of ten at night and five in the morning.

Judge Murasky dismissed the boys with a warning on their promise not to violate the law again.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Cloudy tonight and Friday; light south wind.

Discount Rates Advanced In Foreign Banks

LONDON, Sept. 21.—Discount rates in the banks of England, France, Belgium and Austria advanced today, the directors explaining that they took the step in order to protect the gold receipts. In spite of this explanation it is believed the chaotic condition of finances in Germany is responsible for the advance of discount rates among the powers.

Iowa Presbytery Scores Secretary Wilson

MASON CITY, Ia., Sept. 21.—The Waterloo Presbytery today has set resolutions on record condemning Secretary of Agriculture James Wilson for accepting the vice presidency of the National Brewers' Association.

Canada's Census Shows Eight Millions

Ottawa, Ont., Sept. 21.—Canada's fifth census will show a population of eight million in the Dominion, according to a semi-official announcement here today. The exact figures are to be given out in a few days as soon as reports are in from the northwest.

Century Old Woman Is Dead in Oakland

OAKLAND, Cal., Sept. 21.—Mrs. Mary Morton, the oldest woman in Oakland, died today with her intellect unimpaired until the last. Had she lived until next Christmas she would have been 102. Her husband was a retired English army officer.

PHYSICAL TRAINING MOST IMPORTANT STUDY SAYS MOORE

LOS ANGELES, Sept. 21.—"Physical training is the most important study given in a high school course," declared Dr. E. C. Moore, former City Superintendent of Schools, yesterday before the assembled student body of the Los Angeles high school. "The other important subjects are science, English and history, and all other subjects are secondary. Physical training is the most important because it deals with the health, and with a sound body a boy can become a great man, but without a sound body he is fearfully handicapped."

Dr. Moore arrived in Los Angeles yesterday morning from Berkeley, en route East, where he wil resume his duties in Yale, where he now holds a chair of pedagogy and education.

TIDE RIPS NARROW BEACH FRONT AT LONG BEACH

LONG BEACH, Sept. 21.—Continued rip tides for many months are said to be responsible for the narrowness of the beach in front of the city this year. In some places the beach is said to be fifty feet narrower than it was last year, while the entire beach from Devil's Gate to the jetties has been altered by the tides.

FREIGHT MOTOR KILLED FISH PEDDLER

Japanese Driver Tried to Cross Tracks in Front of an Electric Car

TRAINMEN SAW HIM URGE HORSE

Accident Occurred Yesterday Evening at West Fifth Street Crossing

Teikichi Sasaki, aged 24, a Japanese fish peddler, was killed at 7:15 o'clock last night when his wagon was struck by a Pacific Electric freight motor. Sasaki was seen by two trainmen urging his horse forward excitedly. The motor struck the wagon squarely, demolishing it and killed the horse and driver.

Sasaki has lived at 411 East Fourth street. He was a member of the Japanese mission on Main street, and had been in Santa Ana two years.

eYsterday morning with his wagon loaded with fish he started for Talbert and Bolsa.

At the coroner's inquest this morning the motorman, H. P. Birgin, stated that the motor car, dragging one freight car, left Santa Ana at 7.03 o'clock, with headlight burning. The train approached the West Fifth street crossing at fifteen or twenty miles an hour. Owing tot the turn in the tracks to the southeast of the crossing, the headlight does not shine fairly along the track at the crossing until the train is within 200 feet of the crossing. When the train was about forty feet from the crossing, the motorman saw the wagon and horse, with the man whipping the horse to get across in front of the motor. Emergency brakes were applied, but the motor hit the wagon.

Sasaki was picked up dead. He was dragged seventy-five feet. His skull was crushed, his left leg and hip mangled and broken and his left arm nearly cut off.

H. A. Bucy, brakeman, testified that he felt the sudden application of the emergency brakes, and looked ahead. He saw the driver of the wagon leaning forward excitedly shaking the lines, urging the horse forward.

It would seem that the driver approaching the tracks was confused by the turning of the cars at the curve, and possibly by the fact that there was a double track there.

The coroner's jury brought in a verdict to the effect that Sasaki came to his death by an occurrence that was "accidental and unavoidable."

On the jury before which Coroner Winbigler took the testimony were Henry Seidel, J. S. Haywood, G. C. Baker, William Titchenal, S. V. Poston, E. R. Curtis and T. A. Magee. Sasaki has a cousin in Los Angeles, his only relative in this country. He came from Japan six years ago.

GEORGE GLAVIS INDICTED TODAY FOR EMBEZZLING

WASHINGTON, Sept. 21.—George Glavis, a brother of Louis Glavis, the former federal forestry official, was indicted here today on a charge of embezzling or obtaining $650 under false pretenses in connection with the Chicago Tribune's fight on Senator William Lorimer.

Glavis, it is charged, offered to furnish proof of the moral turpitude of Lorimer and received $650, then failed to deliver the proofs he had contracted to present.

COSTLY POWER PLANT PLANNED

VENICE, Sept. 21.—The Abbot Kinney Company soon will establish an electric light plant in Venice at a cost of $100,000. One of the latest models in gasoline engines is being made in the east and will be shipped to Venice as soon as completed. The plant will be installed in the vicinity of the Venice power house.

SHOT AND SCREAMS HEARD MEXICAN FOUND MURDERED

Three shots in quick succession, the scream of a woman and then another shot. These were heard last night between 11 and 12 o'clock on a road about a mile east of Talbert.

This morning in the middle of the road the dead body of Marcos Guerrero was found. He was shot once through the left arm, the bullet passing into the chest cavity. He was shot again in the abdomen from the front. He was shot again in the top of the head, the bullet going downward. The indications are that the first wounds were inflicted when the man was standing and were two of the three shots first fired. The shot in the head was probably fired as the man lay on the ground, and that was probably the fourth shot.

Who the woman was who screamed and who it was who killed Guerrero are facts concerning which the officers know nothing.

The time of the shooting is fixed by W. H. Cox and Charles Martinez, near whose places the dead man was found. They heard the shots.

Guerrero had been boarding with Mrs. Martin Guerra. Guerra is serving time in the county jail for selling liquor. The shooting occurred in front of Guerra's house. Guerrero is a beet-topper, and his knife was in his belt when he was found this morning.

FIFTH FACTORY TO BE UP BY JULY 15

New Sugar Plant Will Cost Well Over $500,000—Contract Recorded

TO BE LOCATED TO SOUTH THREE MILES

Dyer Co., of Cleveland, Ohio, to Build for the Local Sugar Makers

Today there was filed for record at the courthouse the contract and plans and specifications for the erection of Orange County's fifth great sugar plant. The factory is to be constructed on the Southern Pacific railroad, three miles south of Santa Ana for the Santa Ana Co-Operative Sugar Company by the Dyer Company of Cleveland, Ohio. The contract price is $512,000. The factory is to be completed by July 15, 1912, and the next sugar beet season will witness the plant grinding out 600 tons of sugar beets daily, transforming the lowly plant of the fields into the pure white sugar of commerce.

The plans and specifications are marked "600-700 ton plant," and it is expected that the plant will be able to work up 700 tons daily. The contract, however, calls for a 600-ton plant of new machinery and modern in every manner. It must be able each twenty-four hours to slice 600 tons of normal beets of the field of twenty per cent test and convert those beets into granulated sugar. The manufacturers are to run the factory for thirty days, and it must show 10 consecutive days of 600 tons per day before it is accepted.

The contract is signed for the sugar company by James McFadden, vice president, and H. J. Forgy, secretary. The Dyer Company has given a bond of $256,000 for faithful performance with the Fidelity & Deposit Company of Maryland as surety.

According to the plans the main factory building will be 266 by 66 feet and two and three stories high. The boiler house will be 39 by 120 feet; the kiln house, 44 by 54; the machine shop, 44 by 44; the smoke-stack nine feet in diameter and 150 feet high.

The owners of the factory have already struck a fine flow of water for supplying the factory. The well is one of the finest in the county. Its cost is not included in the contract with the Dyer Company. The sugar company must also provide its own storage for sugar molasses and fuel oil, and arrange for the disposal of its pulp and sewage. Arrangements for the disposal of both pulp and sewage have already been made. It is understood that the sewage will be used for irrigation purposes.

This factory will make the fifth sugar plant in Orange County, the others being located at Los Alamitos, Huntington Beach, Santa Ana and Anaheim. The next year's sugar beet crop in this county will be the biggest in its history.

About 3000 acres of the San Joaquin ranch will be in sugar beets for the new factory, about 800 acres to be added to this yea's acreage on the big ranch, whose owner, James Irvine, is president of the new sugar company.

WHITTIER OIL DERRICKS IMPERILED BY FIRE

WHITTIER, Sept. 21.—The extensive oil fields just east of this city were twice threatened by fire yesterday, the later of the two fires raging in the Savage canyon, starting about 1 o'clock in the afternoon, destroying ewo derricks. It was confined to an abandoned part of the field and the derricks destroyed had also been abandoned. Company and volunteer firemen finally stopped the advance of the flames through the dry hill brush. The cause of the fire is unknown. A hill fire near well number 42 on the Central lease earlier in the day was put out before any damage was done.

NEW STEAMSHIP LINE TO CALL AT SAN PEDRO

LOS ANGELES, Sept. 21.—Another steamship line has been added to the swelling list of companies that make Los Angeles harbor a port of call.

It was definitely announced yesterday that the Compania Naviera del Pacifico, the largest and oldest steamship company operating in Mexico-Pacific waters, will call regularly at San Pedro within the next two or three months.

$22,000 FOR A NINE-ACRE ORANGE GROVE

REDLANDS, Sept. 21.—Mrs. Fannie Ferguson has purchased a nine-acre orange grove from E. Higginbotham for $22,000. The grove is situated on Franklin avenue and is considered one of the best in the city. Mrs. Ferguson recently came to Redlands from Reading, Pa.

PRESIDENT DEFENDS TARIFF BILLS' VETO

Says He Was Committed To Proposition of Tariff Board Revision—Bills Were Unsatisfactory

GRAND RAPIDS, Mich., Sept. 21.—Rushing to the defense of his vetoes of the wool, free list and cotton bills, President Taft today delivered what is regarded as one of the most important of his speeches on the present tour. While some of the address was only a resume of his special message he made additional suggestions and told in a less formal character just why he killed the measures. Taft spoke in a drizzling rain.

The President went fully into the history of the movement for a tariff board, saying that he did so to show that he was fully committed to the "proposition that we ought ont to have any revision of a schedule of the tariff without accurate information as to the operation and effect of the proposed changes," and also to show that he had "had in the past the hearty support not only of the regular Republicans, but also, and even with more emphasis, those who call themselves Progressive Republicans."

Mr. Taft also said: "I wish to point out that all Republicans of whatever shade are committed to the maintenance of our protected industries to the point of retaining duties on imported articles which shall equal the differences in the cost of production at home and abroad."

Of the nature of the measures he vetoed, the President declared that the bills were of "carelessness, inaccuracy and altogether unsatisfactory character."

He further said: "I am in favor of the reduction of the tariff wherever it can be done and still give a living measure of protection to the several industries of the country that need it. I insist that we have reached now a new point in the history of tariff making when everyone ought to realize that the tariff should not be changed and business disturbed except upon information which shall enable us to pass bills that will disturb it least."

IMPORTANT ARTICLES ON THE CONSTITUTSONAL AMENDMENTS

Today the Register begins the publication of a series of articles by Mr. Edward P. E. Troy, on the Constitutional Amendments. Mr. Troy is a publicist and a writer whose ability is exceeded only by his integrity, and we commend to the careful consideration of voters the arguments he presents.

As to who and what Mr. Troy is we quote as follows:

Edward P. E. Troy is a recognized authority on Public Ownership and Municipal questions.—Francis J. Heney.

Mr. E. P. E. Troy is a recognized authority on public questions, notably Public Ownership and Public Utilities. Anything he writes on this subject will be found of value.—Fremont Older, Editor S. F. Bulletin.

Mr. E. P. E. Troy has been "The Star's" expert on vital public questions for many years. He is one of the best informed men in the land. His ability is equaled only by his integrity.—James H. Barry, Editor S. F. Star.

Ladies Especially are Especially Invited

The committee in charge of the Governor Johnson meeting at Spurgeon's Hall this evening desire to make their invitation to ladies to attend as cordial and pressing as possible.

Ladies are especially invited.

Ladies especially are invited.

It is quite generally conceded that women will vote at the next general election, and it therefore behooves them to embrace every opportunity to inform themselves on public affairs.

BAKERSFIELD MAN FINDS SURE CURE FOR TUBERCULOSIS

SAN FRANCISCO, Sept. 21.—Experiments conducted recently with the serum discovered a year ago by Dr. August F. Schaeffer of Bakersfield have demonstrated beyond question that the remedy will cure incipient tuberculosis, and in fact all cases of that disease where no cavities have been formed in the lungs.

Just what this means to humanity is just beginning to be recognized in the Southern Pacific Hospital in this city, and in several big hospitals of the East. In some instances the cures reported have been almost startling for the physicians to contemplate.

Ten tuberculosis patients in the Southern Pacific Hospital have been given injections of the serum, and all are reported as greatly benefited or on the way to be cured. Uniform reports of success in the treatment of this particular disease have been received from the East, and experiments will be taken up shortly in the medical centers of Europe.

No official seal has been placed on Dr. Schaeffer's discovery as yet, but the physicians who have been supplied with vials of the precious fluid have put it to a practical test. Specific serums, based on one formula, are made for different diseases and cures have been proven in rheumatism, lupus, blood poison and practically every form of infectious disease. The serum is declared by these conservative physicians to be one of the great medical discoveries of the age.

Dr. Schaeffer is very cautious in discussing the serum. In fact he refuses to discuss it. He verified in a general way the reported cures of tuberculosis cases. The serum is applied by injection into the blood.

NEXT PRESIDENT WILL BE DEMOCRAT, SAYS GEORGE

CHICAGO, Sept. 21.—"The next Democratic candidate will be the next President of the United States," said Congressman Henry George, Jr., on his arrival in Chicago to be the guest of the Henry George Lecture Association.

"Bread and butter problems," he continued, "are causing much serious thought, which will be expressed and will produce unusual results at the next election.

"Champ Clark is the best qualified man in the country for the Presidency."

WITMAN PLEASED WITH THE BEAN CROP

Oxnard Courier: H. W. Witman, who has been in Santa Ana for several days looking over the bean land in which he is interested, returned this morning. He was accompanied on the trip by his wife.

Mr. Witman states that the bean crop in that section will probably be a record breaker, everything pointing in that direction. The property in which he is interested is having an exceptionally good yield, something like 175 more bags of beans than a year ago being harvested.

NEW YORK FIRE CHIEF IS DYING FROM ACCIDENT

NEW YORK, Sept. 21.—Battalion Fire Chief Wm. Devlin, in charge of his first dangerous fire since his appointment to command on August 1, fell from the roof of a burning building at 506 Broome street last night and is dying in St. Vincent's Hospital.

The fire was easily extinguished, the damage amounting to only $2000.

WHITE SLAVE TRAFFIC IS REVEALED

Arrest of Traveling Salesman in Portland Will Lead to Grim Disclosures

ENTIRE PACIFIC COAST DRAWN ON FOR VICTIMS

Women of Repute and Business Men Said to Be Involved in Traffic

PORTLAND, Ore., Sept. 21.—Through the arrest of Troy McDavid, a traveling salesman, held here today to answer to the Federal grand jury as a white slaver, revelations of a chain of the white slave traffic, involving directly and indirectly, women of repute, local business and hotel men, are promised by the Federal agents.

It is said the alleged organization has drawn girls into the under-world from all parts of the Pacific coast. Portland was the headquarters of the slavers, the secret service men declare, and here young country girls secured by traveling men, receive their initiation into public life.

The testimony of Olive Dick, a girl from Lewiston, Idaho, an alleged victim of McDavid, gave the Federal agents their first clew.

SEXTUPLE MURDER STILL UNSOLVED

Inquest Over Six Victims of Unknown Hand at Colorado Springs, on Today

COLORADO SPRINGS, Colo., Sept. 21.—No solution has been obtained by the police of the Wayne and Burnham sextuple murder. The inquest is scheduled for this afternoon at which the meager details surrounding the finding of the six bodies with their heads split open, will be brought out.

A. J. Burnham, a cook in the Modern Woodmen Sanitarium, the father and husband of three of the victims, is still jailed but he continues to deny any knowledge of the crime.

Burnham says he spent Sunday night, when the murders were committed, at the Sanitarium, which is nine miles from this city. The sanitarium authorities confirm this statement, further saying that no conveyance left the stables that night. As Burnham is a consumptive, it would have been impossible for him in his weakened condition to walk to the city and back to the sanitarium in one night.

One theory advanced by the officers is that the murderer was a madman whose mind became inflamed by recent accounts of the Lee murders at Boobeville. The crimes were similar. In both cases the victims had been brained with an axe and in each case the slayer attempted to conceal the crime by firing the house where his victims lay.

FATHER SHERMAN HAS GONE INSANE

Committed to Agnew Hospital After Trying to Take His Own Life

SAN JOSE, Sept. 21.—The Rev. Father Thomas Sherman, one of the most brilliant Jesuit lecturers in America and a son of the late General William Tecumseh Sherman, was committed to Agnew State Hospital for the Insane yesterday after he had tried to take his own life with a revolver at Los Gatos Novitiate in the morning.

Father Sherman came West from Chicago less than a year ago, suffering from a most severe nervous breakdown. He believed a change of surroundings wound better his health. During his stay on the Coast he lectured to big audiences in most of the large cities on "Why I Am a Catholic," and kindred subjects. He was accounted a brilliant scholar and fine speaker.

BANKERS ASSURED ROW OVER MOROCCO NEARS END

BERLIN, Sept. 21.—Confidence in a peaceful solution of the Moroccan difficulty was strengthened yesterday by reports circulated on the Bourse that prominent bankers had been assured by the foreign office that an agreement would probably be reached within a few days.

It is believed that a settlement will be hastened by the adoption of the verbal method of negotiation.

AUTO STOLEN FROM HARPER

Machine Was Taken Off the Street Between 7:30 and 8:30 Last Night

A New Parry automobile was taken by joy-riders last night, and after being used for about an hour was abandoned. The machine belongs to Geo. S. Harper of the garage between Second and Third streets on Main. The auto was left standing near the South Methodist church at 7:30 o'clock, and when Harper came out from the church about 8:30 o'clock it was gone. It was found a few minutes later on North Broadway, two blocks from the church. The radiator was still hot.

HER HAIR GREW

That's Why a Thankful Woman Recommends Parisian Sage

The Rowley Drug Co. will sell you a fifty cent bottle of PARISIAN SAGE and guarantee it to banish dandruff, stop falling hair and itching scalp, or money back. It's a delightful hair dressing that makes hair lustrous and fascinating.

"In the spring I was recovering from a severe case of erysipelas, which left me virtually bald on the front of my head and next to my ears. The hair kept coming out rapidly and nothing I used stopped my getting entirely bald, until I used two bottles of PARISIAN SAGE. This tonic made my hair start to grow in and, in fact, grew me a good, fair amount of hair, and it has entirely stopped my hair falling out.

"It is with pleasure that I give a public remommend to PARISIAN SAGE, which I know is a wonder."—Mrs. Ella Gilchrist, W. Pitt St., Bedford, Pa.

FOREST SERVICE MAN TO BE THERE

Word has been received from the United States forest service that Assistant Forester Adams of Washington will be present at the meeting of the Tri-Counties Reforestation committee to be held at Redlands, October 5.

The committee will transact its regular business at the meeting in the morning and at 1:30 p. m. an open meeting will be held at which will be discussed the matter of the recent fire in the San Bernardino mountains and better methods of co-operation with the forest service to prevent a recurrence of the same.

EARLY CROP AT OXNARD

Prominent Walnut Grower Thinks Price Should Be Thirteen and Half

Oxnard Courier: R. B. Edmondson, one of the prominent members of the Walnut Growers' Association, stated today that the association may break all of its records for the early shipment of walnuts by sending out a car of nuts in September. This is not at all certain, but there will certainly be walnuts ready to ship at that time. The fact that the price for the nuts will not be set until September 30, however, may change things somewhat.

The warehouses of the company were prepared to receive nuts on September 15 and from that time on the product will roll into it at a lively pace. When asked whether or not the crop is coming up to expectations, Mr. Edmondson stated that it is a little short of what was predicted for earlier. The nuts are beginning to fall from the trees and some of them are found to be nothing but hollow shells.

Mr. Edmondson said that he believes the date for setting the price at Los Angeles on Sept. 30 too late. The foreign nuts will have an opportunity to be in the market for a couple of weeks or more before California nuts can be shipped. "Of course," he said, "we can always get two cents per pound more for our nuts than the foreigner can because we have a better product.

"I think that the price will be set somewhere between thirteen and fifteen cents. For myself, I would place it at thirteen and one-half cents. I don't believe in trying to make it too high."

—Santa Ana Painless Dentists. 102½ East Fourth St. Main 253.

S. A. V. I. CO. BULLETIN

Water was in ditches O, N, W, and in Chicago ditch to Main street and in the Austin division yesterday afternoon. The new run, No. 6, will start Friday morning, September 22, with water running at a limit of thirty minutes to the share.

Go to Your Physician

—Ask his opinion of a remedy for the ailments peculiar to women that contains in judicious amount such ingredients as Black Haw, Cramp Bark, Unicorn Root, Squaw Vine, Blue Cohosh, Golden Seal and Cinnamon Bark.

He will tell you that these are just the ingredients used by specialists in treating such ailments and that the good judgment shown in their selection has been demonstrated by countless cases benefited.

Rexall Vegetable Compound is made after the formula of a successful physician who has made a specialty of woman's ailments, and contains the ingredients mentioned above.

Its worth has been demonstrated many times by your friends and neighbors and, if you have need of such a remedy, we ask that you try Rexall Vegetable Compound at our risk.

If it fails to benefit you, we will promptly refund your money.

Sold only at our store—The Rexall Drug Store. Price, $1.00 per bottle. 4

BEET GROWERS AT NORWALK ORGANIZE

Anaheim Gazette: Beet growers held a meeting a Norwalk on Saturday evening and formed an association to stand for higher prices. Thomas Harley of Artesia called the meeting to order. A temporary chairman was called for and Mr. Harley was chosen. E. P. Truitt was chosen as temporary secretary.

Mr. Harley stated the object of the meeting to be the organizing of the beet growers of the various localities and these various local organizations to unite in one great Southern California organization, with headquarters in Los Angeles, this organization in turn to be auxiliary to and a part of the National Beet Growers' Association. The main object is to endeavor to secure better prices for beets. The contention was that the prices the beet growers get are not commensurate with what the manufacturers get when the comparative amount of outlay in production and manufacture is taken into consideration.

It was said that the beet growers have at least five times as much invested to raise and market the beets as the sugar manufacturers have and yet when it comes to the pay the sugar makers take about three dollars and beet growers take one, and they are getting a little weary of such a difference and now propose to try to remedy the matter.

To more fully enlighten the audience as to the mode of procedure, J. E. Randall of Artesia, secretary of the Southern California association, read the constitution atnd by-laws of the Artesia and Los Alamitos associations. After a little further discussion the majority of those present signified their desire for organization, and the matter of choosing officers and committees was taken up.

The next meeting will be held at Social hall, Norwalk, on next Saturday evening, September 23, at 8 o'clock, when it is expected the local organization will be perfected and be ready to get to work in earnest.

THE BROTHERHOOD CLASS IS GIVEN ENTERTAINMENT

Orange News: The Brotherhood class of the Christian church held a pleasant and profitable meeting Monday evening, being served with an oyster supper by Dr. Royer and J. A. Pfeiffer.

Interesting talks were contributed by Rev. Bentley and Mr. Pfeiffer, the latter dilating on the history of man's weakness for oysters. The evening was pronounced a success.

The next meeting of the Brotherhood will be held on Monday, October 2. A discussion of the constitutional amendments is to be held. Each amendment will be assigned to some member, who will talk two minutes on his subject. The public will be invited and an opportunity given to anyone interested to make a two-minute talk, either for or against the amendment.

By assigning an amendment to one man, it is expected that a clear, concise presentation of each amendment will be made, and more knowledge of the proposed amendments be gained than would be possible by an extended study of one or two.

ANAHEIM SEWER CONTRACT AWARDED

Anaheim Gazette: The contract and bond of Chamberlain, Williamson & Chamberlain, the firm whose bid was accepted by the city trustees for the construction of the Anaheim sewer system, was submitted to the board at a special meeting Monday night and the job was awarded to that firm. C. E. Chamberlain, representing the firm, presented the contract to the board at the regular session Thursday night, but City Attorney Ames discovered a flaw in the bond submitted and advised the board to refuse to sign the papers until the error was rectified. Two surety bonds of $13,250 each were submitted by the contractors and accepted.

Stockholders' Meeting

—The annual meeting of the stockholders of the S. A. V. I. Co. will be held at the office of said corporation, in Orange, Orange county, Cal., at 9 a. m., Tuesday, October 3, 1911, for the purpose of electing a board of five directors for the ensuing year and for the transaction of any other business that may come before the meeting.

O. E. MANSUR, Sec'y.

TO CONSIDER MATTER SOON

Electric Line Talk Is Getting Down to Action—Committeeman Is Named

FULLERTON, Sept. 21. — The Chamber of Commerce has appointed President E. K. Benchley to confer with Paul Shoup of the Pacific Electric Railway Company in regard to the building of an electric line from La Habra to Fullerton and Santa Ana. Information received here lends color to the report that the company will be in a position to take the matter up and consider some definite proposition in the next sixty days. The Chamber of Commerce will endeavor to secure free right of way if the company will build the proposed line. Anaheim and Orange are expected to co-operate.

JUDGE DUNNE TO SUPPORT RECALL

"Every Big Crook in Land Is Working Against Adoption," Says Jurist

SAN FRANCISCO, Sept. 20.—Judge Frank H. Dunne of the criminal department of the superior court has taken off his coat to work for the recall amendment. He is the first member of the local bench to express himself and from now on will use his influence and energy for the success of the recall at the October election.

Judge Dunne is now serving his second term. With Judge William P. Lawler he has divided the trials of the graft cases and three years ago the interests were allied for his defeat, but he was re-elected by a small majority.

Indicating his stand on the recall, Judge Dunne said today: "I am absolutely in favor of the application of the recall to the judiciary, for only then will we have truly democratic government. Bad government is the most expensive thing in the world and to my mind the most dangerous feature of bad government is dishonesty on the bench. Judicial corruption affords the last city of refuge to the corrupt big interests. Every big crook in the land is now solemnly holding forth on the sanctity and dignity of the courts. No honest judge need fear the placing of the recall power in the hands of the people.

"Those opposed to the recall applying to the judge speak of public clamor and the mob. Analyze these terms and they prove to be the emptiest bugaboos ever invoked to fight a good movement."

Our Hobby!

Men's furnishings are the special hobby of this store.

We're showing the "latest" before the season really opens.

Men pay more attention to their linen nowadays.

We select our patterns with more discrimination than the "old timers."

Shirts for business!

Shirts for dress!

Shirts for traveling!

Not only shirts, but ties, collars, underwear, hosiery.

An endless array of pretty patterns for the well dressed man who is on the alert for the latest ideas.

SET NEW MARK IN CARNIVALS

Anaheim Expects a Splendid Electrical Display During Fair Next Week

Anaheim Gazette. Like a leaf taken from the Arabian Knights will the city's streets appear during the nights of the carnival. With thousands of electrical globes of every varigated hue overhead, the scene will be one of truly oriental splendor. The center of the illumination will be from Claudina to Clementina streets on Center and from Chartres to Chestnut on Los Angeles. Added to the colored lights which will be hung this week and next by City Electrician Lewis and Gene Adams, will be the many artistic private displays of lights which have made our city's streets famous. There is no question that Anaheim is the best lighted city of its size on the coast, and with the installation of new ornamental clusters of electric lights on business streets the city will take rank in this respect with the largest cities on the coast. Anaheim will set a new mark Carnival week along this line, and visitors who come to spend the day will not miss the opportunity of seeing what we can do with electric illumination. The beauty of it all is that these lights are furnished by the city at cost, and there are no large-sized profits flowing therefrom into coffers of great corporations. The city's municipal electrical lighting-plant will be taxed to the utmost to do it, but Engineer Lewis says the power-house will respond to all demands made upon it. Beside the incandescent lights will be the many street arcs and outside lights, notably those along Walnut and South Los Angeles streets. A drive under these lights is a pleasure following one of our warm September days, and during Carnival week will be converted into a dream of delight. Anaheim has attempted some notable feats in electrical illumination in the past, but its present effort is destined to eclipse all past endeavors. The lights will be turned on early next week to give them a try-out. Beginning on Wednesday evening of next week, the night of the opening day of the Carnival, the lights will remain on until midnight, and there is talk of keeping them on until 2 o'clock in the Morning. The opening day will be one of regal splendor, what with crowning the Queen and the subsequent flower parade. Yet the night will have its attractions none the less. A grand band concert and entertainment will be on at the Carnival grounds, corner of Center and Lemon streets. With myriads of colored electric lights overhead, music and a string of high-class attractions, the Mother Colony will begin the first of her night's festivities with a flash of light and a blare of brass which will linger long in the memory of those fortunate enough to be present.

WALDORF ASTOR COMING TO STUDY CONDITIONS

LONDON, Sept. 21.—Waldorf Astor, the self-expatriated American, who sailed on the Olympic yesterday, is returning to New York for the first time in three years, with the chief object of studying American political and labor conditions.

Astor brought the American dollar slogan into the recent general elections. Now he wants a more intimate knowledge of what Irish nationalists are doing in America preparatory to the next campaign. He said:

"I have been trying to get back for several years, but politics here wouldn't permit me. Now I am going to get caught up on American affairs, especially the attitude of Irish Americans."

MESSIAH'S SECOND COMING RECORDED IN LOS ANGELES

LOS ANGELES, Sept. 21.—A declaration foretelling the second earthly appearance of the Messiah before the close of the year 1912 was made part of the records of Los Angeles county. The declaration signed by H. L. Burdette and John Taylor of Zion City is being filed, it is said, in every county of the United States.

The document sets forth that the Messiah will appear in material form first to eight men, one a high priest who will be ordained for the occasion, and seven men to whom will have been committed the preliminary work necessary to the restoration of Israel and Judah. Forty-five days later the Messiah will be declared unto all the world, and revealed in the City of Zion.

Why Santa Ana business men should do their business with the

California National Bank of Santa Ana

BECAUSE its shareholders have large holdings in the city and surrounding country and their interests are mutual.

BECAUSE the strength of this bank lies not alone in its capital and surplus, but in the character and financial responsibility of the men who conduct its affairs.

BECAUSE its business is governed with that conservatism, combined with enterprise and up to date methods, which make for soundness and satisfactory banking service.

Have You Looked at Our New Tailored Suits?

Handsome New Models in Rough Woolens

Last year we enjoyed a remarkable trade in ladies' and misses' tailored suits. This year we are jumping right into the game with by far the largest stock of suits we have ever shown, bought right and priced right. This means we are going to make a strong bid for your suit trade. Let us show you the new arrivals—it is not too early to begin looking around.

The materials for Fall wear are mainly the mannish cloths, such as tweeds, Scotch mixtures, rough cheviots, and other rough cloths that make up well on tailored lines. They are materials that hang well and hold the shape of the garment, which adds so much to the looks of a coat or skirt. And as to colors, browns, tans, grays, blues, and blacks predominate. These are the best and most serviceable shades for men and women alike, and the best tailors are showing their finest suits made up in these modest colorings.

The jackets are a trifle longer than those for Spring. They come in one to four button effects, mannish coats with plain lapels, neat watch pockets on the breast, and every line trim and smooth. The skirts are cut on the new pleated and panel effects, in sensible widths. A wearer of a new Fall Suit will look well dressed and feel well dressed on all occasions.

Here is one new feature in our Suits this year that will be appreciated. We have had dress shields put in the coats, and the shields are satin lined to match the coat lining. Also, the very best hair cloth and tailor's canvas are used which does away with heavy padding.

As to prices, we have Suits from $12.50 to $32.50. We bought a whole line to sell at $15.00 special, and this Suit is a remarkable value for the money; we have never shown its equal. And then we have an especially fine assortment at the popular price of $20 and $25. We shall be glad to let you look over our line and compare our prices, for we know our prices are right.

TESTS PROVE LAND ABOUT BEAUMONT ADAPTED TO APPLES

BEAUMONT, Sept. 20.—The first actual test of raising apples in the vicinity of this place has proved a success.

From Apple Valley to Cherry Valley West, from Mesa Miravilla to the lands in the townsite and section 11 samples of fruit have been produced on the two and three-year old apple trees, which are uniformly of the highest grade. The immense size, the glowing color, the perfect shape and the fine texture are all there, no matter whether the orchard is situated on adobe soil or almost pure gravel.

Not only is the superiority apparent in the apple, but the pears, peaches and plums show a size, beauty and flavor that are above those grown in most other localities. The rapid growth and early bearing of the trees are also marvelous.

It is hard to estimate what this means for Beaumont. That a rush of home seekers and investors will be here the coming winter there can be no doubt. With the abundant supply of water and the small amount actually necessary here for irrigation, added to the positive assurance that the fruit is the very best, makes Beaumont's acreage of a greater intrinsic value than the best orange land.

ARIZONA TO ELECT ON DECEMBER 12

Primaries on Oct. 24—Campaign Opened By Republicans Yesterday

PHOENIX, Ariz., Sept. 21.—With the issuance by Governor Sloane of an official proclamation calling the primaries for October 24 and the first Arizona state election for December 12, the campaign opened formally yesterday.

Two hundred Republicans gathered from all parts of the state to discuss the situation. While it is agreed that to adopt a platform or fix a slate would not be legal under the primaries law, it is generally understood that Thomas T. Pollock of Flagstaff is to be the party nominee for governor; Ralph H. Cameron of Flagstaff, present delegate to Congress, and Hovall A. Smith of Bisbee will be nominated for senators, and John S. Williams of Tombstone, congressional representative. Albert M. Sames of Douglas resigned as chairman of the state central committee.

The Maricopa county Republicans held a subsequent meeting and split on the question of endorsing Taft. After a bitter fight a resolution approving the President's principles, despite his objections to the Arizona constitution, was adopted by a close vote.

LA FOLLETTE ON VOTES FOR WOMEN

Miss Helen Todd, the Illinois factory inspector who is tourinig for the suffragists throughout the southern part of the state and who has spoken before the Men's City Club as well as the Woman's City Club of Los Angeles, has received word from Senator La Follette, which has been given to the women of California. He says:

"Go out to California by all means, and say just what any decent man would say for decent women—just that and no more. They want a proper representation in government that the good things of life may go to the many instead of the few; that the government shall be the right of the people, that politics may again be connected with this will of the people instead of divorced from it; that laughter and happiness may come back to the lips and hearts of the children; that peace and home life may come back to the laboring men and women. And under a union of the fine men, working shoulder to shoulder with the fine women, all this may be accomplished; the blot of child labor can be wiped from the country; the people can make again an America, the place where we have dreamed of having a free and happy country ruled by the good of the whole people."

SUFFRAGE IN COLORADO

A. J. Pillsbury of the California Outlook has been spending some time in the east investigating political conditions and other matters of interest to Californians. In the course of his trip he visited Colorado and made some investigation of the results of equal suffrage in that state. In view of the fact that we are soon to vote on a suffrage amendment in this state and in view of Mr. Pillsbury's recognized candor and discrimination, his observations are of timely interest. He says:

In Denver, not long since, the writer of this held an extended conference with a state officer of much experience and discernment and it was the deliberate judgment of this state officer that few good things can hopefully be attempted in Colorado unless the women of Colorado can be counted on to rally to their support and, further, that there have been few really good movements started in Colorado that have not obtained the support of the enfranchised womanhood of that state.

The women of Colorado constitute the most independent voting constituency in that commonwealth and the voting constituency that stands least in fear of the financial interests that have dominated Colorado to the degradation of its citizenship and the exploitation of its resources and its industrial and commercial life. The extent of this degradation may the better be understood in the light of the truth that it is the commonly received opinion in Colorado that, during the thirty-five years of its statehood, not one representative has taken his seat in the United States senate whose seat was not bought either by himself or for him. That Colorado is now represented in the United States senate by only one senator instead of two is attributable to the interesting detail that no one could be elected without buying his election, and in view of the woes of Lorimer, no would-be purchaser quite dared to "come through" with the needful legal tender. The men of Colorado are either discouraged or case-hardened. The women are neither, and the most potent force now at work for the political regeneration of the Centennial state is the votes of women.

Furthermore, public questions are nowhere else, in Colorado, so thoroughly discussed and painstakingly studied as in the women's clubs of that state. Women—such women as are intelligently interested in anything else, in church or school or home—give to the consideration of public issues that fidelity and service that so characterizes womanhood in the home and the church, with the result that such women, at least, vote more understandingly than men commonly do.

One result of this is that the tendency to discharge the duties of electors with fidelity and patriotism is, in Colorado, a growing tendency, especially with that generation of youths that has come under the tutelage of an enfranchised womanhood. During those plastic years in which boys are in the hands of women, either as mothers or as teachers, the mothers and women teachers of Colorado are talking and thinking of civic affairs and it is impossible that their patriotic enthusiasm for civic right things shall not be communicated to, and become a part of, the characters of the men of the Colorado of the future. The political millennium has not been brought to Colorado through women's voting. It will be long, long on the way, but if it comes it will be anyhow as much through the enfranchised womanhood of the state as through that of its manhood.

The Lord loves a good fighter—one who believes he is right, puts all his strength in his blows, and strikes straight from the shoulder. This is one reason why even many who do not agree with him respect and admire Hiram W. Johnson. And this brave, manly quality, coupled with a lovable personality, cause those whose views coincide with those of the Governor to love him like a brother.

The article on the fourth page of Tuesday's Register, entitled "Making and Unmaking Political Fortunes," should have been credited to the Long Beach Press. We apologize to that excellent paper for our oversight in this matter.

USE TIZ—SMALLER FEET

Sore Aching Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Sore Feet Well No Matter What Ails Them

Everyone who is troubled with sore, sweaty or tender feet—swollen feet—smelly feet, corns, callouses or bunions can quickly make their feet well now. Here is instant relief and a lasting, permanent remedy—it's called TIZ. TIZ makes sore feet well and swollen feet are quickly reduced to their natural size. Thousands of ladies have been able to wear shoes a full size smaller with perfect comfort.

It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

James Willis Rice desires to announce that he has resumed his class. Those desiring violin instruction may communicate with Mr. Rice at Tustin, or phone Red 2024.

Constitutional Amendments

BY EDWARD P. E. TROY

Edward P. E. Troy is a recognized authority on Public Ownership and Municipal questions.—Francis J. Heney.

Mr. E. P. E. Troy is a recognized authority on public questions, notably Public Ownership and Public Utilities. Anything he writes on this subject will be found of value.—Fremont Older, Editor S. F. Bulletin.

Mr. E. P. E. Troy has been "The Star's" expert on vital public questions for many years. He is one of the best informed men in the land. His ability is equaled only by his integrity.—James H. Barry, Editor S. F. Star.

A Dangerous Amendment

Senate Constitutional Amendment No. 49 is the most dangerous legislation ever submitted to the people of California. It repeals the existing Section 19, Article XI, which permits any person to use the streets to supply water, gas and electricity, and prevents the free competition in such services, which has been so effective in reducing rates.

It will give existing water and light companies perpetual rights in the streets, and repeals the constitutional restraint upon them. Thus it will create hundreds of millions of dollars of franchise values, on which the people will have to pay interest in increased rates.

The courts have held that under the provisions of the existing section the companies supplying light and water do not hold any franchise for which the people must allow a value in regulating rates, or when purchasing the plants. The legislature recently enacted a statute permitting cities to acquire by condemnation any water plant.

This proposed amendment expressly provides that a city purchasing any existing utility must pay for the franchise value, in addition to the physical value of the plant. Should San Francisco attempt to take over the Spring Valley Water Company under this amendment, it would have to pay millions for franchise, in addition to the actual value of the property. Any other city taking over an existing utility would have to do the same. The protests of the cities of the state, through the League of California Municipalities, a few years ago, caused the defeat of a bill in the legislature having this same purpose as this amendment.

Ths amendment will compel cities to allow public utilities a value for franchise in regulating rates, although the franchises are but mere grants of a right to use the streets. The value the corporations put upon franchises is the capitalization of the excess profit over and above a fair return on the money invested.

This amendment would set California back fifty years. It would legalize franchise values and add enormously to the power of public service corporations to plunder the people. It would destroy and invalidate the charter amendment adopted by the people of San Francisco last year, which requires all future franchise grants to be made on condition that the city can acquire the utility by paying for its physical property, without any franchise value.

It assumes to grant to cities the right to operate works for light, water, power, heat, transportation, telephone and other means of communication. As cities in California have been supplying their inhabitants with water, gas or electric heat, power and light for sixty years, this proposed amendment is no grant of power in this regard. The pretense of giving cities the right to acquire existing works, is no grant of power at all. Under the existing constitution, the legislature may, and has, granted them this power. Both of these pretended grants look like molasses to catch votes.

The amendment would place dangerous limitations on the power of cities to impose conditions in the grant of franchises. It says that cities may permit persons to supply such service "upon such conditions and under such regulations as the municipality may prescribe under its organic law." This means that every condition and regulation to be imposed in the grant of franchise for every kind of public service must be specifically provided for by the charter of the city. It is impossible to foresee the many contingencies that arise in the relation of cities and public service companies. All charters provide for the words "other conditions" to be inserted in franchises, in addition to those required by law. The cities and the state have found it necessary to make their powers in all matters of legislation broad and elastic. Restricting and narrowing them, as this amendment does, would do infinite harm. Small and inexperienced cities would be at the mercy of any schemer who sought to exploit them.

This amendment would deprive the state of all power to exercise any restraint upon cities that might attempt to give away the rights of future generations. It has been publicly stated that it will permit the granting of indeterminate franchises. Not only will it permit that dangerous form of franchise, but it will also permit the granting of perpetual franchises without restraint of any kind. There is no limit to the schemes that may be imposed on cities under this amendment. Cities in California, as well as in other states, have, under the lash of corrupt corporations, changed their organic laws, or made franchise grants, that unjustly burdened posterity. No such unrestrained power should be given any city.

JOHNSON RECALLS SUMNER'S ATTACK ON UNJUST JUDGES

In campaigning for the direct legislation amendments, for which he is making a personal appeal to the voters of the state, Governor Johnson at Salinas read the eloquent words of Charles Sumner, apropos of the recall of judges.

"Let me say here that I hold judges, and especially the Supreme Court of the country, in much respect; but I am too familiar with the history of judicial proceedings to regard them with any superstitious reverence. Judges are but men, and in all ages have shown a full share of frailty. Alas! Alas! the worst crimes of history have been perpetrated under their sanction. The blood of martyrs and of patriots, crying from the ground, summons them to judgment.

"It was a judicial tribunal which condemned Socrates to drink the fatal hemlock, and which pushed the Savior barefoot over the pavements of Jerusalem, bending beneath his cross. It was a judicial tribunal which, against the testimony and entreaties of her father, surrendered the fair Virginia as a slave; which arrested the teachings of the great apostle to the Gentiles, and sent him in bonds from Judea to Rome; which, in the name of the old religion, adjured the saints and fathers of the Christian church to death, in all its most dreadful forms.

"It was a judicial tribunal which, in France, during the long reign of her monarchs, lent itself to be the instrument of every tyranny, as, during the brief reign of terror, it did not hesitate to stand forth the unpitying accessory of the unpitying guillotine. Aye, sir, it was a judicial tribunal in England, surrounded by all the forms of law, which sanctioned every despotic caprice of Henry the Eighth, from the unjust divorce of his queen to the beheading of Sir Thomas Moore; which lighted the fires of persecution at Oxford and Smithfield, over the cinders of Latimer, Ridley and John Rodgers; which, in defiance of justice and humanity, sent Sydney and Russell to the block; which persistently enforced the laws of conformity that our Puritan fathers persistently refused to obey, and which, afterward, with Jeffreys on the bench, crimsoned the pages of English history with massacre and murder, even with the blood of innocent women. Ay, sir, and it was a judicial tribunal in our country, surrounded by all the forms of law, which hung witches at Salem, which affirmed the constitutionality of the Stamp Act, while it admonished 'jurors and people' to obey; and which now, in our day, has lent its sanction to the unutterable atrocity of the Fugitive Slave Law."

FREEDOM FROM COLDS & HEADACHES INDIGESTION & SOUR STOMACH BILIOUSNESS & CONSTIPATION

and other ills, due to an inactive condition of the Liver, Stomach and Bowels, may be obtained most pleasantly and most promptly by using Syrup of Figs and Elixir of Senna. It is not a new and untried remedy, but is used by millions of well-informed families throughout the world to cleanse and sweeten and strengthen the system whenever a laxative remedy is needed.

When buying note the full name of the Company—California Fig Syrup Co.,—printed on every package of the genuine.

Regular price 50¢ per bot. one size only. For sale by all leading druggists.

AFTERNOON AT WHIST

Mrs. R. R. Shafer Entertained in Charming Way at Her Home on Sycamore

Mrs. Robert Shafer demonstrated a charming hospitality yesterday afternoon in a pleasant card party given at her home, 411 South Sycamore street. The rooms were inviting in the color scheme of red, geraniums being used to blend with draperies and upholstery.

Six tables of players found the afternoon delightful in the pleasant intricacies of whist, in the playing of which Mrs. Homer Ames and Mrs. W. A. Huff scored high, Mrs. Ames winning the first prize on a cut. Mrs. L. A. Collver took the consolation trophy, both prizes being pretty Colonial mirrors. Mrs. Shafer was assisted in punching the score cards by her young son, Burr.

Music, embracing standard selections, added much to the charm of the afternoon, which was ended in a hospitable way with the serving of refreshments on the small tables that had been used for the card games.

An out of town guest was Mrs. Dr. Sholz of Los Angeles, a cousin of Mr. Shafer.

—o—

Suffrage Meeting at Beach

Unique features are being planned for the all day Woman's Suffrage meeting to be held at Huntington Beach on Saturday, Sept. 30, by the W. C. T. U. women of Huntington Beach. One of these is the meeting together of all the women who have ever voted. They will have a place of honor in the center of the auditorium. All women who have cast a political ballot are urged to be present.

This meeting is expected to be a rousing and enthusiastic one, and invitations are issued to people of the surrounding Orange county towns and of Los Angeles to be present. Good speakers from Los Angeles will be secured and genuine enthusiasm will be a characteristic of the meeting. Westminster union will join in the affair, and the Equal Suffrage League of Santa Ana has been invited to attend.

—o—

Coming League Picnic

To promote acquaintance and to foster a spirit of comradeship, a picnic has been arranged for the Santa Ana and Orange chapters of the American Woman League, to take place at Birch Park next Saturday afternoon.

A picnic supper will be spread at 4 o'clock in order to allow the Orange guests time to take a reasonably early car home. Everyone is asked to take eatables suitable for the occasion. A jolly good time is expected and a cordial invitation to be present is issued to all members of both chapters and their families.

—o—

Early Prayer Meeting Tonight

The United Presbyterian devotional meeting will begin at 7 o'clock this evening instead of 7:30, on account of the address by Governor Johnson at 8 o'clock.

Night School Opens Sept. 18th, at the Orange County Business College.

Full information regarding the Conservatory work, rates, regulations, etc., is to be found in our new catalogue. This will be sent free upon application.

Should you wish to confer personally with the director, Mr. Gustlin, relative to tuition in any department it will be best always to make an appointment.

We have Sunset phone, Main 214, and shall be glad to answer any questions regarding our school.

Remember our new location, 504½ North Main St.

HONORED MRS. SYLVESTER

Social Events Given in Honor of Near-by Departure of That Lady

The Woman's Club held a special session at the home of Mrs. C. F. Mansur on Tuesday afternoon, called to do honor to a long time member, Mrs. H. W. Sylvester, who is about to remove to another part of the state. The afternoon was spent pleasantly in conversation and fancy work until about four o'clock, when the president arose and in a few well chosen words expressed to Mrs. Sylvester the regret of the club that she should be one of their number no more. She then presented Mrs. Sylvester with a Santa Ana souvenir spoon as a token of the love and esteem in which she is held by the club.

There were individual gifts also—a group of Shasta daisies, done in water color, by Mrs. Bradshaw; an illuminated panel, touching in sentiment and beautifully executed, by Mrs. Babize; and last Mrs. Diers brought a handsome bouquet of roses and ferns from her own garden, thus bestowing with a touch of love those beauties of nature which are too often reserved for the unresponsive clay whence life has fled. The recipient, although almost overwhelmed by these manifestations of regard, successfully controlled her emotions and responded most fittingly, showing her appreciation of the interest and attachment of her club friends.

After ice cream and cake had been served, the ladies departed, leaving with the guest of honor their sorrowful farewells and best wishes for happiness and prosperity in her new home.

* * * *

The oldest and closest neighbors of Mrs. Sylvester surprised her on last Friday afternoon by going to her home with their fancy work and taking refreshments of ice cream and cake. They also presented her with a very handsome jelly spoon as a remembrance.

For Cumnock Girl

Miss Gladys Wilhelm of Hollywood was the complimented guest last night at a pleasant and informal function given by her hostess, Miss Winifred Roberts, whose house guest Miss Wilhelm will be for two or three days. The house and table decorations were in the colors of Cumnock School of Expression of Los Angeles, where the young ladies are both students. Another Cumnock girl, Miss Anna McFadden, was present. Other guests were Miss Varina Williamson, Messrs. Edwin McFadden, Howard Hankey, Lamont McFadden and Gordon Williamson.

Music and games whiled away the hours, and delicious refreshments served in the dining room concluded the delightful evening.

—o—

Day at Seashore Resorts

Mr. and Mrs. I. L. Marchant and their house guests spent a delightful day at Balboa and Corona Del Mar, yesterday.

Besides the host and hostess and their son, Clyde Marchant the party included Mr. and Mrs. Thomas Coad and Miss Minnie Coad and Mr. and Mrs. J. R. Miller. Mr. Coad leaves today for his home in Aurora, Illinois.

—o—

Shower for Miss Petersen

After rehearsal last evening by the choir of the First Baptist church at the home of Mrs. H. H. Reeves on East Seventeenth and Spurgeon streets, a social hour was held, during which a shower for Miss Emeline Petersen, a soon-to-be-bride, took place. Many lovely gifts were received by Miss Petersen, who is a great favorite in the choir as well as in society circles here. She will be married on Nov. 14 to Phillip Lord, an attorney of San Francisco.

Mrs. Reeves was a charming hostess, and included in the guests were not only the members of the choir but the music committee of the church, with the wives, husbands or sweethearts of those concerned. The evening was a most pleasant one in every respect. Delicious refreshments were provided for the guests by Mrs. Reeves.

AT THE TOPLE HOME

Ladies of Missionary Society Pleasantly Entertained Yesterday

The Women's Missionary Society of the First Congregational church was delightfully entertained by Mrs C. E. Topel yesterday afternoon, at her pleasant home on South Main street.

The devotional exercises were conducted by Mrs. J. S. Williams, followed by music led by Mrs. Ella Fyfe and Miss Wilbert. Mrs. A. E. Chapman, accompanied by Mr. Alan Revill, sang in a very pleasing manner, "Son of Soul."

The topic for the day was "Conservation of National Ideas." Miss Catherine Shaw read a poem by Margaret E. Sangster introducing the subject, then Mrs. E. M. Neally, the leader, took up the work in earnest and was very ably assisted by Mrs. A. B. Gardner and Mrs. W. S. Peek, each speaking on the topic, "A Conserving Force." Mrs. C. F. Crose and Mrs. Chas. Seccombe told us what to do for the immigrants.

There was a large attendance and during the social hour light refreshments were served.

$25 REWARD

for the apprehension of party or parties who used my New Parry car between the hours of 7:30 and 9 o'clock Wednesday evening. It can easily be identified by the name on the wind shield, "New Parry" with an arrow through it.

Room 14, First Nat'l. Bank Bldg.
SANTA ANA, CALIF.

Personals

Mrs. A. J. Lawton made a visit to Los Angeles today.

Miss Gladys Wilhelm of Hollywood is the house guest of Miss Winifred Roberts for a few days.

John Reigle, the civil and electrical engineer who is superintending the construction of the new sugar factory near the Irvine ranch, is with the Robert Shafers, of whom he is an old friend. He has lived in both Findlay and Fostoria, Ohio, one of these cities having been the former home of Mrs. Shafer and the other of Mr. Shafer. Mr. Reigle is a man who has achieved much success in his profession, and who is in line for still bigger things in his work. The Shafers are greatly enjoying his stay with them.

Mr. and Mrs. Harry Dean and daughter have returned from a week's stay at Mount Wilson.

"Bob" Huffman is here from Escondido, greeting his host of friends.

Miss Torrey of Orange has gone to Redlands to attend the University there.

Mrs. E. B. Norman, Mrs. Lea Warren and Mrs. Frank McElree spent today at Villa Park, the guests of a joint W.C.T.U. meeting of Villa Park and El Modena unions. This was a mothers' meeting and proved most interesting.

Oldies E. Lovegreen, nephew of Mr. Elmer Curtis of this city, leaves for Minnesota the first of the week to look after his land interests there.

Mr. and Mrs. W. C. Blee are at their home on Orange avenue after an outing at Newport Beach.

Mr. and Mrs. W. L. Grant, 522 Pine street, entertained Mr. and Mrs E. W. Wilcox of Long Beach at dinner yesterday. Their guests were boyhood friends of Mr. Grant at his old home in Illinois.

Mr. and Mrs. John Reed and family spent yesterday with Dr. and Mrs. H. S. Gordon.

Mrs. E. W. Babb and Miss Marjorie are visiting at the home of Mrs. Babb's parents, Mr. and Mrs. Robt. Flook.

No Auto Ride

Secretary Willson of the Chamber of Commerce announces that owing to the circus he is unable to secure enough machines to accommodate the people who are to come in on the trolley trip tomorrow, so he is compelled to abandon the proposed auto ride over the county. The people will be here but there will be no automobiles.

Dr. H. M. Robertson, Physician and Surgeon. Office Cor. Third and Main, opposite City Hall. Both Phones.

AT THE COURT HOUSE

Terminate Homestead

W. S. Lee has petitioned the superior court to terminate the homestead interest of his wife, Luella S. Lee, who died on March 11, 1908. The homestead was recorded on January 5, 1901. The property is in this city. Montgomery & Tarver are Lee's attorneys.

Default Judgment

Judgment by default was entered today in the superior court in favor of the plaintiff in the suit of the Griffith Lumber Company of Anaheim against J. H. Eneari. Judgment is for $547.38.

Papers Are Filed

This morning County Clerk Williams filed the papers in the suit of the Machinery and Electrical Company of Los Angeles against Contractor James O'Brien and the Santa Ana Board of Education. The plaintiff asks $723 judgment. The suit grew out of the refusal of the school board to accept the plaintiff's heating plant installed in the Jefferson school.

A. Gmund Syverston will receive students on the violin. See him at Bell Theater or 514½ West Fourth St.

BUENA PARQ NOTES IN THE FULLERTON TRIBUNE

Mr. and Mrs. C. A. Maun were visiting old friends here for several days. While here Mr. Mann purchased 10 acres of land just west of town and will erect a modern house on the property. The Park people are glad to welcome them back to their midst.

The Rev. Dyer has moved his family here from Bell. He will have charge of the Congregational church another year.

School commenced September 18th, with Mrs. Willowbrandt as principal and Miss Ruth Harding in charge of the primary grades.

Mert Cawthron, who has clerked for George H. Warren for several years, has resigned and will ranch extensively the coming year.

Miss Wanita Simpson attended a house party at the home of Miss Josie Daniels of Fullerton.

Miss Lou Nichols of Albuquerque, New Mexico, was the guest of Miss Margaret Martin last week.

Mr. Roller of the northern part of the state has arrived here and will take charge of the ranch recently purchased by him.

Mrs. F. C. Richardson and little daughter, of Tropico were here visiting Mrs. F. I. Marsh.

Miss Margaret Martin is visiting her schoolmate, Miss Harriet Gould of Los Angeles. Miss Gould leaves shortly for Smith College.

S. A. Doss has sold his dairy business and moved to town.

Mr. and Mrs. James Watson spent the week at the beach.

Santa Ana Painless Dentists. 102½ East Fourth St. Main 253.

Night School Opens Sept. 18th, at the Orange County Business College.

The Misses Rutherford Announce

Their Fall Millinery Opening for

Friday and Saturday

Sept. 22 and 23

It is needless to state that the highest expression of the season's fashions in fine millinery will be shown, among which are—

Many charming imported models, clever productions from Eastern cities, the famous Elzee Hats which have been so popular with us in past seasons. Also a special display of misses' and children's hats.

OUR OPENING THIS YEAR WILL SURPASS IN BEAUTY, QUALITY, STYLE AND MAGNITUDE ANY OPENING OF FORMER SEASONS. ALL LADIES ARE MOST CORDIALLY INVITED TO ATTEND.

THE MISSES RUTHERFORD

The Leaders in Hat Fashions — 109 E. Fourth Street

RINGLING'S CIRCUS WILL BE IN SANTA ANA TOMORROW

Santa Ana will be increased in population tonight by 1280 people, 650 horses, forty elephants and 1000 wild animals. Five trains of wonders will be unloaded into the city during the early hours of the morning. It will be circus day.

The first section of Ringling Brothers' mile-long special train will arrive shortly after midnight. It will bring the show's commissary department and the army of cooks, waiters and kitchen helpers necessary to prepare breakfast. The second section, carrying the parade equipment, will reach the city by two o'clock. The third section, with the larger portion of the horses, and the canvas, will follow closely upon it. The vast amount of ring properties, seats and draft wagons will come on the fourth train. On the last section will be the elephants, the ring horses, the performers and business staff. By the time it arrives breakfast will be ready.

By nine o'clock the great show will be under canvas and everything will be in readiness for the parade which is scheduled to leave the grounds at 10 o'clock. It will pass over the usual route. It will be three miles long and one chain of novelties. It is the best street pageant the Ringlings have ever devised.

The down-town box office will open early in the morning at Hatzfeld & Parsons Drug Store. Those who are not inclined to brave the crowds on the show grounds may buy their reserved seats and admissions there. The prices will be the same as at the ticket wagons. There will be two performances here. The afternoon show will begin at 2 o'clock. The night show will begin at 8 o'clock. The doors will open an hour earlier to permit people to see the great menagerie and hear Albert C. Sweet's famous military band.

The two performances here will be given exactly as presented in Madison Square Garden, New York City, and the Chicago Coliseum. Not one detail has been changed since the spring opening. The talent is all of the best, Europe contributing a large portion of the artists. The menagerie is a wonderfully attractive place to spend an hour.

BRIEF REVIEW OF IMPORTANT MATTERS OF PUBLIC INTEREST

SACRAMENTO, Sept. 21.—(Special to the Register)—Louis R. Glavis, secretary to the State Conservation Commission, has been delving into the matter of state school lands and has discovered not only that these lands have been sold at from one-fifth to one-tenth of their value, but also that the state has no record of the lands it owns, nor of their worth.

The only public lands left to the state are the school lands, and no examination has ever been made to ascertain the character or their value. Under the present law these lands must be sold for $2.50 an acre when proper application has been made, and prior to March 9, 1911, many of them were sold for $1.25 an acre. In many cases these lands are worth from $125 to $150 an acre. It is evident that, under this state of affairs, the state has suffered enormous loss.

Steps have already been taken to secure an accurate platting of the state lands and reliable data regarding their character. The Conservation Commission, with the assistance of the Surveyor General, will make every effort to secure state and federal co-operation in preventing further dissipation of state school lands and timber.

* * *

Reports from Governor Johnson's speaking tour in behalf of the direct legislation amendments to the constitution, to be voted upon October 10, state that there is even greater enthusiasm all along the line than in the remarkable campaign of last fall. The Governor's speeches are devoted principally to the initiative, referendum and recall, and to the constructive work of the state administration.

The enthusiasm of the crowds is especially strong over the recall measure, covered in Senate Constitutional Amendment No. 23, and there is every indication that this amendment, with its recall of the judiciary feature, will be adopted by the people by an overwhelming vote.

At San Luis Obispo Monday night, 2500 people packed the hall to overflowing to listen to the Governor's speech. The greatest applause of the meeting was over his statement that the people of the country will not countenance the action of the President in forcing upon the people of Arizona a constitution which they did not want. Much enthusiasm also was shown over the Governor's reference to the state text book investigation.

Messages have been received from all over the state asking for speeches from the chief executive, but owing to the shortness of the time he will not be able to accept one-tenth the invitations.

* * *

At Sacramento Monday night every bit of standing room in the Clunie Opera House was taken on the occasion of the address by Francis J. Heney on the direct legislation amendments. Heney's references to the recall of the judiciary took the crowd by storm, the cheering being particularly strong when he declared that the Southern Pacific had had the recall of the judiciary in operation for forty years, and notably exercised it in the case of Judge Bahrs and the Fresno rate case.

State Printer Shannon had a seat in the rear of the house and had the uncomfortable experience of listening to the applause that attended Heney's reference to the exposure of the state text book scandal.

* * *

The State Board of Control has just put a stop to the use of the state's money by traveling officials for tipping servants, laundry and tailor bills, and valet service.

AMUSEMENTS

Dr. Cook at the North Pole

An international sensation which will startle the world as no picture or story has ever done before, "The Truth About the Pole," an absorbing drama film of the far North, in which the noted explorer, Dr. Frederick A. Cook, supported by an eminent cast of prominent pantomimists, expose for the first time the most minute details of "The World's Greatest Conspiracy." Dr. Cook's friends and enemies, those who believe he reached the pole and those who believe he did not, alike find this feature motion picture the most interesting production of modern times. This subject requires two reels, and with the regular three reels and songs, will make an hour and a half show, and to be seen at the Temple Theater only for three nights of this week, Friday, Saturday and Sunday. Admission 5 and 10 cents.

WATER FOR INDIANS

Government Begins Survey of Irrigation System for Colorado Reservation

SAN BERNARDINO, Sept. 20.—C. A. Engle, government engineer, has commenced work surveying for the irrigation system which the government is to establish for the Colorado Indians on their reservation. There are about 5000 acres in the reservation. In Actover another surveying crew will begin the subdividing of the large tract into ten-acre parcels, which will be formally allotted to the Indians during the coming month.

VALUABLE SWEET "SPUD" CROP

Piano Rancher Realizes $1960 Per Acre For Sweet Potato Yield

PLANO, Sept. 20.—Columbus Jackson of the Plano district lays claim to the banner production of sweet potatoes for the year, his tract half a mile southeast of Plano in the foot hills, producing at the rate of $1960.20 per acre for his year's crop. Almost incredible is the production for the present season, the potatoes running to an average of twelve pounds to the hill, or at the rate of over 65,000 pounds for the acre. At the current price of three cents per pound, the total acreage valuation of the crop is but a few dollars less than $2000.

Registration for High School

—The principal's office at the high school building will be open from 9 a. m. to 1 p. m. on Monday, Tuesday, Wednesday, Thursday, Friday and Saturday, September 18th to 23rd, inclusive, for the registration of students who desire to attend the Santa Ana High School the coming term. All students, whether they have previously attended the school or not, will be required to register before being admitted to recitations which begin Monday, September 25th. It is urgently requested that all register as early as possible.

A LITTLE DANDERINE WILL MAKE YOUR HAIR LUSTROUS, SOFT, FLUFFY, ABUNDANT

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff

If you Wish to Double the Beauty of your Hair in Ten Minutes surely Try a Danderine Hair Cleanse

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits particularly those who have been careless, whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Try as you will, after one application of Danderine you cannot find any dandruff or a loose or falling hair, and your scalp will never itch, but what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair sprouting all over the scalp. Danderine makes the hair grow long, heavy and luxuriant and we can prove it. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

Santa Ana, Cal.

DO YOU

Keep a bank account? If not, why not start one with us at once? Your check book will quickly settle all disputes as to bills you have paid. The check stub shows the record, and the cancelled check, which we return to you, constitutes a positive and undisputable receipt. Your pass book shows you the amount of money you have handled from time to time, and will be a good sign of your advancement and prosperity.

To NEWCOMERS and those WHO do their BANKING out of town:

Do your banking with us and establish your CREDIT by having your checks circulate in your own locality. The above Banks offer to the banking public the advantage of their modern facilities developed and perfected by successful service to depositors.

OUR SAFE DEPOSIT DEPARTMENT

affords absolute protection for paper and valuables. Every year more people are becoming convinced of the need of safe deposit vaults. Every day the fact is becoming better known that the peace of mind gained by the use of a box in a burglar and fire proof vault is worth many times the price of the box rent.

PARTNER'S CERTIFICATE

We, the undersigned, do hereby certify that we are partners and as such conduct and carry on a partnership business, the principal place of business of said partnership being No. 213 East Fourth St., in the City of Santa Ana, County of Orange, State of California; That said partnership business is by us conducted under the name or designation which does not show the names of the persons interested as partners in such business.

That the name or designation under which said partnership business is conducted and used by us is: S. Hill & Son. That the name in full and place of residence of all the partners and of all persons interested in said partnership so named and designated S. Hill & Son, is as follows:

Samuel Hill, residing at No. 1202 N. Main St., Santa Ana, Orange County, California;

George Pliny Hill, residing at No. 1102 North Spurgeon St., Santa Ana, Orange County, California.

Dated the 15th day of September, 1911.

SAMUEL HILL,
GEORGE PLINY HILL.

State of California, County of Orange, ss.

On this 15th day of September, in the year of our Lord One Thousand Nine Hundred and Eleven, before me, Clyde Bishop, a Notary Public in and for said County, residing therein, duly commissioned and sworn, personally appeared Samuel Hill and George Pliny Hill, known to me to be the persons described in and whose names are subscribed to the within instrument, and they acknowledged to me that they had executed the same.

In witness whereof, I have hereunto set my hand and affixed my official seal, the day and year in this certificate first above written.

LOS ANGELES PRODUCE MARKET

Business was in good volume. There was a good outlet for the liberal offerings of dairy products, and prices were well sustained.

Offerings of fruit were light, and the receipts rather poor grade generally.

Apples continued in heavy receipt, but no change was made in quotations. The bulk were Bellefleurs, quoted from $1.15 to $1.25 a four-tier box. The receipts were 9516 boxes.

Offerings of casaba melons were liberal. The demand was light. Prices ranged from 90 cents to $1.00 a crate.

There were some choice table figs on the market quoted from 75 to 90 cents a box.

Some fancy Salway peaches were quoted at $1.10 a lug box. Most of the peaches offered on the market now are from storage.

Strawberries were in liberal receipt, and quoted from 6 to 8 cents a box.

Grapes were in heavy supply. Some fine muscats were quoted at 85 cents a lug box.

Green vegetable receipts were about equal to the demand, and prices were generally well sustained.

Cauliflower was in fair receipt. Good sound stock was quoted from $1 to $1.25 a dozen.

Tomatoes were in good receipt, and ranged in price from 20 to 60 cents.

There was no change in the egg situation. The market was firm on both fresh and storage stock. There was a good outlet for storage. Receipts were 164 cases.

Butter receipts were 30,844 pounds. The market ruled firm. The call was for fine creamery stock.

The cheese market was firm to steady. Receipts were 3671 pounds.

Onion receipts were 76 sacks.

Wheat advanced $1.00 a ton.

Dr. H. M. Robertson, Physician and Surgeon. Office Cor. Third and Main, opposite City Hall. Both Phones.

LEGAL NOTICES

NOTICE INVITING BIDS

In the Superior Court of the State of California in and for the County of Los Angeles.

In the matter of the estate of Jennie A. Reeve, deceased.

Under the authority of order of Court granted by the Superior Court of the County of Los Angeles, dated July 5th, 1911, we will sell at private sale, the following described property:

A 5-12ths undivided interest

"In the Rancho Las Bolsas, County of Orange, State of California, and described as the east 24.54 acres of the north 40 acres of the south 60 acres of the southeast quarter of section 11, township 6 south, range 11 west, S. B. B. & M. being all of said 40 acres lying east of California avenue, as shown on map of Vista Del Mar tract, section 2, recorded in Book 4, page 5 of Miscellaneous Maps, Records of Orange County, California, except a strip 80 feet wide as conveyed to H. E. Huntington, trustee, by deed recorded in Book 159, page 334 of Deeds, Records of Orange County, California. Reserving therefrom for roads, aqueducts, ditches, pipes, flumes or other conduits of water, a strip of land 20 feet wide along, adjoining and each side of the section and quarter section lines."

Said sale to be made on or after the 27th day of September, 1911. Bids in writing will be received by the undersigned at the office of Hahn & Hahn, attorneys, suite 606 Chamber of Commerce building, Pasadena, California.

Terms of sale, ten per cent cash to be paid when sale is approved, and balance when the sale is confirmed by Court.

C. J. WALKER,
MARY R. DARLING,
Executor and Executrix of the Will of Jennie A. Reeve.
Dated, August 18th, 1911.

WAGON AND MULES STOLEN

Man Who Worked for Oscar Rosenbaum Absconds With Outfit

Four mules, one wagon and William Moore—where are they?

The mules and wagon belong of Oscar Rosenbaum of San Juan Capistrano, for whom Moore had been at work for the last two months.

Moore was instructed to do some hauling of hay from a field where the hay had been baled. He was supposed to commence last Monday and would be along until today when Rosenbaum's son would join him. The hay was to be hauled to a warehouse at El Toro.

Rosenbaum's son went to the field yesterday. He found that the hay had not been touched, and there were no tracks of the wagon. An investigation was started immediately, and it developed that Moore with the outfit was seen driving toward Santa Ana on Monday. Deputy Sheriff Jernigan started out on a hunt last night, and learned that last Monday night the outfit put up at Lacy's stables at the corner of Fifth and Sycamore streets. While here Moore said he would sell the outfit for $800. It is easily worth $1250 or $1300. Moore drove away early Tuesday morning.

Moore told people at San Juan Capistrano that he had a Spanish wife and two children at San Diego. He is about 27 years old, weight 165 or 170 pounds, slender, 5 feet 11inches tall, great talker.

The mules weigh about 1000 pounds each. Two of the mules are dark gray in color, one medium gray and the fourth buckskin. The three grays bear "O R" brand.

Moore is charged with felony embezzlement.

PEKIN, China, Sept. 21.—An imperial edict was issued today admitting the seriousness of the anti-railway rebellion in many provinces. Requests came from the authorities at Szechuen urging the Viceroy to employ both military force and relief work for poor, which will mean the suppression of the rebellion. Promises were sent today from the financial department that it would defray the expenses of relief work.

CALL OFF BOND ELECTION

SAN BERNARDINO, Sept. 21.—The school bond election to provide $230,000 for the building of a polytechnic high school was called off by the City Board of Education this evening, as the tax figure came higher than anticipated.

If you want to make a living you have to work for it, while if you want to get rich you must go about it in some other way.—Life.

OPEN AIR WOMAN SUFFRAGE MEETING

The automobile party which has been touring Southern California towns this week in the interest of womans suffrage will reach Santa Ana on Saturday evening, and hold an open air meeting on the vacant lot south of the Temple Theater, corner of Bush and Third streets.

The party consists of Mr. and Mrs. J. W. Braly, Mrs. Catherine Waugh McCullough and Judge Neely of Pomona, all of them prominent speakers and workers in the cause of equal suffrage. The party report great success and enthusiastic meetings at the places visited thus far. They will speak from their automobile at the place designated.

—There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

IN THE JUSTICE'S COURT

APIARIST IS FINED FOR BREAKING LAW

F. M. Zimmerman of Pasadena was fined $15 by Justice Cox this afternoon after pleading guilty to a charge of violating the county bee quarantine law. County Bee Inspector discovered several days ago that about 100 stands of bees had been placed in the Santa Ana canyon, and he started out on a search for the owner. When Zimmerman was found he admitted that the bees were brought into this county without inspection.

The bee inspector has learned that Zimmerman placed the bees on property owned by the Irvine Company without having first secured permission from the company.

Woman Is Free

Felipa Pacheco, who has been in jail for lack of money to pay a fine for selling liquor, paid out the $40 of the fine yesterday, and was allowed to go. First, however, three sentences, ninety days, eighty days and seventy days, were passed upon her on three separate charges of liquor selling. She has secured a job as cook on a ranch, and promises to sell no more liquor.

VANCOUVER, B. C., Sept. 21.—Rewards offered by the Bank of Montreal in connection with the New Westminster Bank robbery have been increased to $32,000, of which $5000 will be paid for any information leading to the arrest and conviction of the robbers, in addition to which ten per cent will be paid on all or any part of the money recovered.

No clews have been reported.

PARIS, Sept. 21.—Private advices received today from Madrid report that rioting has been renewed in Valencia. The crowd stoned members of the King's cavalry, who opened fire. At least one is reported killed, and several were wounded. The rioting continues, according to the latest reports.

OPTIMISTIC ADVICES FROM SPAIN ART NOT CONFIRMED

HENDAYE, France, Sept. 21.—Spanish advices today do not bear out the optimistic statements the Spanish government has been issuing. The government says the disorders have ceased, but it is pointed out that the constitutional guarantees have not been restored, and the whole army is under arms.

In arresting the union leaders the authorities have forced the abandonment of the general strike at Madrid and Bilboa, although there are 30,000 building unionists out at Madrid, despite the government action.

CARRY COURTHOUSE IN CARNIVAL PARADE

The Merchants and Manufacturers Association last night made arrangements for a float to represent Santa Ana in the parades at the Anaheim carnival next week. The float will be a miniature of the courthouse and courthouse grounds.

The directors of the association have been at work trying to better the conditions for the local bakers. It has been found that a number of local grocers have been buying Los Angeles bread, and this trade has become extensive. It is proposed to start a campaign to get the people to call for Santa Ana bread.

LA HABRA NOTES IN THE FULLERTON TRIBUNE

Wanda Davis entertained with a week-end house party. Those present were the Misses Hazel and Esther Davidson, A. P. Birkhahn, Wm. Block and Wallace Cheney.

Miss Esther Aldrich celebrated her twelfth birthday Saturday at the home of her parents. About twenty-seven little lads and lassies were present to do honor to her. Dainty refreshments were served under the beautiful pepper trees. Progressive games were played and a very enjoyable time was had.

W. C. Cheney had as guests Sunday night A. P. Birkhahm and Wm. Black of New York.

The Woman's Mutual Improvement Club met at the home of Mrs. Addie Varney Thursday afternoon. Arrangements were made for the annual picnic which will be held at the school grounds the first Saturday in October. After the program cake and punch were served by the hostesses, Mrs. Wm. Snow and Mrs. Varney.

James Walker and family spent several days at Laguna Beach on a camping trip.

Miss Genevieve Hughey of Los Angeles, who will be the primary teacher for La Habra, will make her home with Mr. and Mrs. L. Pickering.

Professor and Mrs. A. S. Redfern were entertained at W. H. Redfern's Sunday.

The Ladies' Aid of the M. E. church will meet Thursday. A large attendance is desired.

Wade Hodson and brother Ross have returned from their hunting trip.

The fourth quarterly meeting of La Habra M. E. church was held last Friday. The trustees, steward and several committees for the coming year were elected. The Ladies' Aid made over sixty dollars the last year.

J. Ansley and family have moved in the Swain cottage and Mr. and Mrs. S. D. Slike will occupy the Hall cottage on Whittier avenue.

The Friday afternoon club met at the home of Mrs. M. F. Davis. The afternoon was spent with music and readings by the members. Mrs. Hyatt Smith and Mrs. J. Ansley were visitors of the club. Pineapple sherbet and cake were served at the close of the meeting by the hostess.

Charles Hart and wife took a party of friends on a hunt to Chino canyon over Sunday. Mr. Hart, who is an enthusiastic sportsman, bagged quite a bit of game on the trip.

Mrs. Norval Gates is suffering from a severe cold, contracted at the beach.

Miss Ada Van Meter is visiting at Newport for a few days.

—The 1912 Reos are arriving. Watch them come in.

The Highest Type of Ready-to-Wear Clothes in the World

It hardly seems reasonable that from $20.00 upwards you can secure a suit or an overcoat which we can refer to as the world's highest type in ready-to-wear. But, we are sure of our ground and know that our assertion is correct.

MILE OF CEMENT PIPE TO BE LAID

EL MODENA, Sept. 21.—The John T. Carpenter Water Company, which serves this section with irrigation water, has started to lay a new pipe from the dam to the Whistler place, and one car of cement has already arrived to be used in the work. The pipe line will be about a mile long, and the work will be carried out as expeditiously as possible.
